

# Boatbuilding Diploma

16-19

Adult

If you like the idea of a future in the thriving Marine Sector and love working with your hands then Boatbuilding may be the ideal career path for you.

As a Level 3 course, this diploma is all about preparing you for a future in the marine industry and perfecting your essential boatbuilding skills. You'll be learning from experienced professionals, who are there to give you the very best start to your career.

There is a large practical component to the course and you will spend a great deal of time honing your skills on live projects in our dedicated boatbuilding workshops at the heart of Cornwall's Marine Industry.

Throughout the course you'll be looking at all aspects of boatbuilding, from simple re-finishing to new-build projects. Our workshop features industry-standard equipment, exactly like a working boatyard. We have strong connections with local boatbuilding companies and employers know a boatbuilding qualification from Falmouth Marine School means you have the very best skills of a crafts person.

So, if you dream of creating exotic boats with beautiful flowing curves, then this is the best place to start!
